

# THE PARTNERSHIP CENTER

FOR CONNECTIONS & COMMUNITIES

## PURPOSE

The Partnership Center (TPC) for Connections and Communities will be a community destination for three Partnerships in the Western Galilee, a space to work, build connections and inspire Jewish identity.

## A NEW LEVEL

After 20 years, we will have a home for the Partnerships, creating a permanence of the strong connections between the Diaspora communities and the Western Galilee. The location will give the Partnerships the opportunity to develop and expand influence in the region and in the communities.

## METHOD

We are joining forces with the Matte Asher Regional Council—on a breathtaking location along the coast of the Mediterranean—to build a community facility that will be the heart of the Partnership2Gether activities and a resource for Matte Asher. In the 6500 sq ft facility, the Partnerships and Matte Asher will share a large hall/multi-purpose community space and a conference room. A suite of offices will provide efficient work space for the Partnerships' staffs. Matte Asher will have community activity rooms for the enjoyment of the residents of the Western Galilee.

## LOCATION

The Partnership Center will be situated north of Nahariya, adjacent to Achziv Beach, looking out on a breathtaking piece of the Mediterranean coast line.
